

Validity of student card was extended

Travel discount can still be used with student card which was expired during the emergency.

Travel companies will accept student card which has been validated for the 1st and 2nd semester of 2019/2020 and 2020/2021 for 60 days after the end of the emergency. (Expected by mid-November)

Travelling discount is available until the extended period for all students whose student card has been validated in the 2019/2020 or 2020/2021 academic year.

Temporary certificates which were made up on November 4th, 2020 or after this are valid for 60 days after the end of the emergency, regardless of the expiration date shown on the certificates.

Travel companies accept certificates with a printed signature and stamp, but do not accept certificates in electronic form (eg presented on a mobile phone).
